"Luis Amigo"**

Vision:

To be the Home for REEDUCATION par excellence, of the infantile feminine population at high risk.

Mons. Luis Amigò, Founder de lasterciaras Capuchinas

Mission:

To offer the infantile feminine population in high risk, a liberating education that develops the capacity of initiative, critical judgment, decision and creativity; invigorating the experience of human-Christian, cultural and ethical principles and values who orient their behavior according to the signs of the times; with the exigencies of the amigo charisma and the attitudes of the Good Shepherd.

Integral Strategic objectives focused on the minor:

Of the community:

To invigorate the experience of the human, Christian, cultural, & ethical principles and values which orient their behavior and who respond to the needs of today and the exigencies of our charisma with autonomy and transcendence.

Of the process Education:

To offer to a customized and liberating education that develop the capacity of initiative, critical judgment, decision, creative and sociopolitical commitment that favors the social coexistence and citizen participation.

Of the Family:

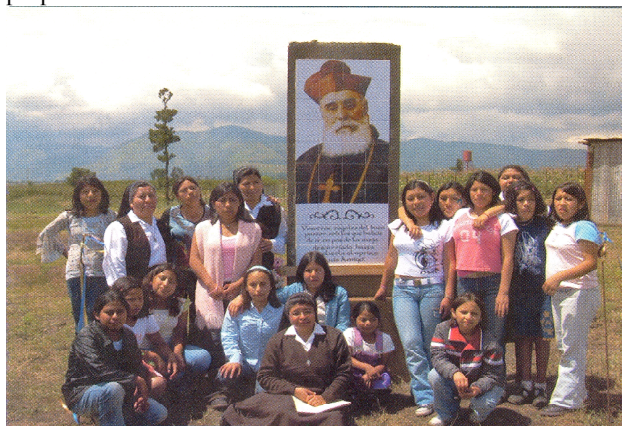

To include/understand the active participation of the families and/or responsible students, in the re educational training of the minor.

Purpose of the Congregation:

- ❖ Our Religious life as Tertiary Capuchins of the Sacred Family exists as a Charisma Francisco-friendship from the exigencies of the baptism and our consecration where we participated actively in the salvation mission of the church that sends us to evangelize with the testimony of our own life, the exercise of charity and the announcement of the word to who ever needs us.
- ❖ Imitating the attitude of the Good Shepherd, we realize our mission with the children and youth in the fields of the education, protection and reeducation; in the attendance to the patients in the pastoral action of the church; in atmospheres and places of initial evangelization or missions
- ❖ Our commitment to experience our charisma from its evangelical and Franciscan roots to collaborate in the humanization of political, cultural, religious, economic and familiar globalized world that also brings about growth to us like disadvantages before the panorama of the social reality that affects our apostolic mission.

Pedagogical principles:

The pedagogical work that we do has as the high-priority objective the growth and maturation of the children and young people in all dimensions

Sisters and girls of the Luis Amigò Home

- ❖ We help to discover and to harness possibilities of physical, intellectual, affective social and promote the insertion of positivism in the world. We foment the development of the ethical and important dimensions of the person proposing new forms to integrate faith as a transforming element of personal and social surroundings.
- ❖ A family climate that favors interpersonal relationships.
- ❖ **Educational style consistent with techniques that offer psycho pedagogical and social sciences for the knowledge of the person.**
- ❖ **Unity of criteria and action between the different professionals identified with the mission who take part in the education of the minors.**
- ❖ Preventive method emphasizing the welcome, dialog, proximity and confidence.
- ❖ **Positive sense of the life, valuing its possibilities and recognizing its profits. To imply to the families in the process of the minors with the purpose of avoiding the uprooting of affection and favor.**
